Dear Sir:

Pursuant to 37 CFR 1.56, 1.97 and 1.98, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached FORM PTO-1449. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom.

In view of the Federal Circuit case, Nilssen, et al. v. Osram Sylvania, Inc., et al., submitted herewith are copies of pleadings in connection with pending litigation in which Minerva alleges infringement of U.S. Pat. No. 6,681,120 ("the '120 patent") and U.S. Pat. No. 7,321,783 ("the '783 patent"). Minerva is the owner by assignment of the

'120 and '783 patents. The present application is a continuation-in-part from the application leading to the '783 patent which, in turn, is a continuation of the '120 patent.

In view of the Federal Circuit case, McKesson Information Solutions, Inc. v. Bridge Medical, Inc., Applicant also calls to Examiner's attention the following documents in Applicant's co-pending patent application Ser. No. 11/184,299:

- Non-Final Office Action, dated 2/22/2008, in U.S. Pat. Appl. Ser. No. 11/184,299; and
- Response to Non-Final Office Action, dated 3/7/2008, in U.S. Pat. Appl. Ser. No. 11/184,299.

The above-listed documents are believed to be available to the Examiner and therefore these documents are not listed in the attached FORM PTO-1449 and Applicant has not provided copies of the above-listed documents. Applicant will provide copies of these documents if Examiner requests such copies.

In accordance with 37 CFR 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made or that no other material information as defined in 37 CFR 1.56(a) exists. In accordance with 37 CFR 1.97(h), the filing of this Information Disclosure Statement shall not be construed to be an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

This Supplemental Information Disclosure statement is being filed pursuant to 37 CFR § 1.97(c) and is accompanied by the fee set forth in § 1.17(p).

The Director is hereby authorized to charge any deficiency in the fees filed, asserted to be filed or which should have been filed herewith (or with any paper hereafter filed in this application by this firm) to our Deposit Account No. 50-3683.

It is submitted that the Supplemental Information Disclosure Statement is in compliance with 37 CFR 1.98 and the Examiner is respectfully requested to consider the listed references.

Respectfully submitted,
